

KEISER STRENGTH

RACKS

STILL PART OF THE FAMILY

RACKS WITHOUT AIR

Models 3107, 3108, 3112, 3113, and 3121

PUSHING THE LIMITS OF HUMAN PERFORMANCE

At Keiser, we're constantly innovating to reach the next level of human performance. We're never satisfied with the status quo. Even if it's our status quo. Because... Strong can be stronger. Fast can be faster. Power can be more powerful. Because science is on our side. **Because... 'Good Enough' Isn't.**

KEISER

KEISER STRENGTH

All Keiser patented hybrid Racks combine Keiser **Dynamic Variable Resistance** and iron weight resistance. Keiser Dynamic Variable Resistance pulls straight down on the bar [just like gravity] and follows the bar as it moves horizontally. You can train at any speed, from controlled to explosive, developing Power and Stability.

RACKS RACKS WITHOUT AIR

Models 3107, 3108, 3112, 3113, and 3121

JUST THE RIGHT LOOK

All Keiser Racks can be purchased without Air. We offer this option to keep all Racks looking like they came from the same family when multiple racks are purchased and the budget doesn't allow for all Racks to have Air. This way, they look like members of the same family even though some have Dynamic Variable Resistance and some don't.
