

Relation of the declaration of conformity for the kardiomed 540 line

Supplement to the Declaration of Conformity motion cycle 900 of the proxomed device line kardiomed 540

The kardiomed 540 device line distributed by proxomed is the medical product of the manufacturer emotion fitness GmbH & Co.KG.

This is also indicated on the label of the devices.

The serial number of the label indicates the type of the device:

- 1. position = 9, corresponds to motion cardio line 900
- 2. position = M, for medical devices
- 3. position = device type:
 - E (Ergometer) for kardiomed 540 basic cycle
 - C (Cross) for kardiomed 540 cross walk
 - R (Relax) for kardiomed 540 comfort cycle
 - U (Upper Body) for kardiomed 540 upper body cycle
 - S (Stair) for kardiomed 540 stair
- 4. position = device variant, user weight
 - R (Regular) = 150kg
 - B (Boosted) = 200kg, or 250kg for the comfort cycle

The manufacturer is emotion fitness GmbH & Co KG. according to the MDD. For this reason, the declaration of conformity for the emotion products sold by proxomed as kardiomed 540 devices is also issued. Neither the products nor the intended purpose in the accompanying documents have been changed and thus correspond to the originals of emotion fitness GmbH & Co KG.
