Product	Product Classification	Classification Rule	Conformity Assessment Route(s)	EC Certificate(s) No	Applicable Legislation (Regulation (EU) 2017/745 or Directive 93/42/EEC)
Central Venous Catheter Procedure Packs	Class III	Rule 7	Article 22 of the Medical Device Regulation 2017/745	MDR 766234	Regulation (EU) 2017/745

Arrow International LLC (Subsidiary of Teleflex Incorporated) declares that the below documented product(s) conform to Article 22 of Medical Device Regulation 2017/745 by:

- Verifying the mutual compatibility of the devices and, if applicable other products, in accordance with the manufacturer's instructions and have carried out their activities in accordance with those instructions;
- Packaging the system or procedure pack and supplying relevant information to users incorporating the information to be supplied by the manufacturers of the devices or other products which have been put together;
- Subjecting the combining devices and, if applicable, other products as a system or procedure pack to appropriate methods of internal monitoring, verification and validation.

Arrow International LLC (Subsidiary of Teleflex Incorporated) declares Arrow Procedure Packs are terminally sterilized using Ethylene Oxide to a Sterility Assurance Level (SAL) of 10^{-6} using methods described in ISO 11135-1 and in accordance with defined procedures.

05	See Agile	DCO-065338: Changed Regulatory approval from Krista Hughes to Elizabeth Duncan. The following finished good was added to the DOC. There is no change to the design or intended use as the components included in these new finished goods are already CE marked and used together in other CE marked kits. The component compatibility of the devices has been verified in the Trace Matrix documents attached to ECR-042731.
